

ECIRS,

> 90% STONE-FREE RATE

< 6% COMPLICATION RATE

**CESARE MARCO SCOFFONE MD,
UROLOGIST**

Department of Urology, Cottolengo Hospital
Turin, Italy

**STONE
FREE**

MORE THAN
10.5
MILLION
PATIENTS
SINCE 1991

EXCEPTIONAL

Simultaneous use of flexible ureteroscopy and percutaneous nephrolithotomy with the LithoClast® Master results in higher stone free rate and reduces complications by avoiding multiple tracts and associated higher blood loss.
